

Augmented Reality In Real Estate Will Benefit The Industry

Location South East, Middlesex

https://www.freeadsz.co.uk/x-509595-z

Integration of augmented reality with BIM will make it easier to complete the project on time and in budget. With AR you could walk through a complete BIM model to develop a most effective construction schedule and a logistic plan for the same. The huge potential for the use of AR in the construction industry is only starting. Contact CubeDots, for more information. Visit Us: http://www.cubedots.com/contact-us/
