Excellent condition, hardly used, breathable dry suit. Good socks and seals. Complete with original zip lubricant and patch material. This is a junior medium, max height about 5 foot 7 inches. Internal braces/shoulder straps. Now moved over to a day sailer, so surplus to requirements. One iron on patch applied inside a small scuff on the shoulder. Not sure if it would have leaked, but I applied the patch anyway, to be sure. Completely waterproof on immersion. Have tried to show shoulder with scuff, but it is very.
