Genuine 28k low mileage 350z with black metallic paint and black leather interior. This was the last 350z trim produced which was upgraded to the higher revving and more powerful VQ35HR engine. Has just been serviced and has also very recently had new brake discs and pads (Ferodo DS2500), new tires all round and has also only ever seen 98+ octane fuel whilst I've owned it. Interior is in excellent condition with very little signs of wear, no peeling trim on the inner door handles or cracked leather. Completely unmodified and unmolested example with original exhaust and suspension ect. Is currently located in Chesterfield,.
