

Upcycled Painted Sideboard (225 GBP)

Location

South West, Avon<https://www.freeadsz.co.uk/x-510260-z>

This vintage sideboard has been lovingly upcycled in striking Antibes Green Annie Sloan Chalk Paint and finished with several coats of clear wax. The top features an eyecatching leaf relief technique blended with beautiful shades of red and yellow.

This sideboard really is one of a kind! I write a monthly column on upcycling and featured this piece in my latest issue. If you would like to see some more about how I created the leaf pattern on the top visit my facebook page: <https://www.facebook.com/harperandharper/posts/1152382894842989>

Width 48"

Height 36"

Depth 16"

'Not shabby just chic!'

Harper & Harper create unique one off pieces of furniture and decorative items that are lovingly restored and hand painted. All the pieces we upcycle are vintage and have been 'pre-loved' so may have signs of wear and use.

Buy one of our finished pieces or commission us to update something you already own and give it a whole new lease of life. Upcycling is good for the planet, good for your home and good for your pocket!
