As you can see from the pictures, the Mercedes is in phenomenal condition. If you would like to see additional pictures of any specific areas of the car, please don't hesitate to ask. Any inspections must be performed before auction end. The car was recently completely serviced and gone over by a Pagoda expert. The cold and hot starting systems were just rebuilt, so the vehicle maintains it's factory Bosch mechanical fuel injection. The fuel injection system is tuned correctly and works great! The vehicle condition report provided by the shop that performed the recent services is.
