A fortune has been spent on this car and the paperwork I have on the engine alone adds up to well over £20,000! In my eyes nearly all the parts are still like new as its has only ever done the running in miles after building and tuning in October 2015, it has just been sitting in my garage ever since. Engine is a Rev 3 block bored with fully forged internal, race shells etc.. Turbo is a GTX duel ball-bearing turbo (water cooled) 4" intake with all custom piping hoses etc... HKS cams, pulleys and belt, 800cc injectors New oil & water pumps etc... Larger fuel pump Forge water cooled wastegate (complete set of chargeable springs for wastegate) Custom Screamer pipe, this sound amazing! Performance manifold PWR chargecooler system, Lightened flywheel with four plated race clutch Very loud twin exhaust system and straight down pipe Inside it has... Momo steering wheel One of a kind neon blue MR2 heater Touch screen DVD player Blitz boost gauge & Turbo timer, HKS EVC VI electronic boost controller HKS VPro ecu Shorter gear shift installed this include new cables Wheels are Momo with new tyres NEW Disks, pads, braided hoses etc.. Nearly everything on this car has been purchased new from Toyota, I've missed out loads on this list but the paperwork will speaks for itself once you see it. Please no offers or swaps, Next MOT due 19/02/2018, Full service history. £5
