This is something a bit different! Bright Yellow 1007 Sport with the semi-automatic gearbox. I will never tire of playing with the electric sliding doors, just press the button on the key fob and your car door opens up and slides back for you! They might seem a gimmick at first, but once you have used the car you realise how brilliant they are. Very easy to get in and out of the car and you have loads of freed up space. This little Peugeot drives wonderfully, you can leave it as fully automatic and just cruise along, or you can change with the gear stick or the steering wheel paddles. It's a nice place to be too, with Air Conditioning, Electric Windows, Mirrors, Steering Wheel mounted stereo controls, onboard computer and so on. The rear seats slide to give you more storage space as well fold and or flip up, there is a surprising amount of room in this brilliant little car. Being the 1.6 Sport model it is more than capable of achieving a good pace when required and will sit at motorway speeds quite happily. I believe the 1007 will be a future classic/collectors car and will begin to appreciate as they become rarer. Accompanied test drives welcomed and you are more than welcome to bring along a pet mechanic too! Car comes with two brand new key!
