

LAKWERA SERVICES in King's Cross is offering FIRST AID AT WORK TRAINING Level 3 (QCF) - 3 DAYS COURSE £190/candidate inclusive of a first aid book and a first aid pack, as well as your accredited certificate, which successful candidates will receive in 2 weeks approx. The course will start at 9.30am and end at 4pm every day, between the 19-21st of April 2017 and/or the 17-19th of May 2017. This is ideal for any work environment with high risk of danger or high number of people. Fully accredited and Health and Safety approved, inclusive of certificate. If you are a site manager, or a builder looking to get priority job on a building site, then, this course is for you. By law, a building site has to comply with Health and Safety Regulations therefore, the site being a high risk will have to have Managers accurately trained in First Aid. *NEW - Blended learning now available, study the theory at your own pace and when completed only attend for half a day for your physical assessment and theory questionnaire. Attendance in the classroom is mandatory in order to progress for certification. You will be given log on details and will be required to complete the THEORY PART PRIOR TO YOUR ATTENDANCE FOR ASSESSMENT of the course. **Access to a computer and broadband connection are required. <http://www.trainingforsecurity.org.uk/first-aid-courses/> Refreshments will be offered - 3 days course. All candidates will receive a first aid book and a first aid pack. Call us on 020 3239 6977 020 3239 69...(click to reveal full phone number) to book, or for more information please follow the website link from the gumtree ad that will take you directly to our website. You can also book directly on the website via secure PayPal connection. You do not need a PayPal account, you can just click on the link that says Pay with a debit/credit card. Level 3 Award in First Aid at Work (FAW): This includes all the features of EFAW (Emergency First Aid at Work) and also equips learners with the first aid knowledge

and skills to tend a range of specific injuries and illnesses. This particular award is most suited to working environments that have high hazard or a particularly high number of employees. Some or large firms may require to be met with expert advice, for legal intent or to provide solutions. Contact us about a disaster, we have the staff, our qualified staff looks forward to serving you. How will the future?
