For sale DD70 portable electronic drum pads from Gear4music. The kit contains two pedals, two sets of drum sticks, training mat, phones output, USB jack. Included is full original instruction manual. The whole set is boxed in the original box. This portable digital drum set was purchased last year in January. We still have an invoice. Condition of the drum pads is really as brand new as my son played on it only handful of times and eventually loosing interest. We payed £107 for.
