

# Austin Healey pre-1970 100-4 BN1 (1955) (20,460 GBP)

Location **South West, Cornwall**  
<https://www.freeadsz.co.uk/x-510897-z>

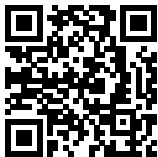

This Healey is a big project car but certainly worth restoring, it came to us as a rolling chassis minus motor and gearbox. Im a big 100-4 fan and happen to have a large stockpile of parts so we have sourced and will include a core motor and gearbox. This Healey has typical rust but nothing terminal in the frame, there will be some patches needed and work on several of the.
