I have also been hired to do from market research and fabrics selection, conception, sketching & colour selection & aesthetics, silhouettes, balance, design mock-up and development, technical patterns; accessories conception & design to management of boutique/made-to-measure orders and work with suppliers and network. I'm available for short and long term work. Please find attached to this ad pictures of some completed design work for both high street brands and boutiques. All the ensemble with the hat from the picture is part of a collection while the one on the hanger is a one of a kind individual boutique piece. Attached there is also a design made not so long ago for a high street brand. Thank you very much for your attention. Looking forward to hearing from you and helping you out. Kind Regards, Kaloyan
