Bassist Wanted!

Hey guys, we're an Indie-rock band from Brighton (think the Strokes meets Radiohead meets the Verve?). We've just recorded an EP that we're getting ready to release, but unfortunately we've lost our bassist.

Ideally we'd be looking for an experienced bassist about 18-30 who can come in and learn the EP tracks fairly quickly and go from there! We're expecting to be gigging again soon, and have a few things lined up already.

We practice at least once a week, usually at Brighton Electric. Let me know if you're interested!

(As we're getting ready to relaunch we don't have the facebook page and everything up, but there's an old track from a year or so ago on soundcloud - search thegrandnowhere/angels - or message me and I can send more stuff over!)
