What our some of our members say: BABE Anne says: "Totally awesome, definitely the best club I have ever joined. Great coaches, and everyone is friendly, heaps of information, advice and support, in a relaxed and fun way. Babes has a holistic and individual approach and needs are always met. Never felt fitter or more positive than I have done since I joined. (Being 2 dress sizes smaller is also a huge bonus!!) Joining Babes on the Run has improved not only my own fitness and well being but that of my whole family!! If you are thinking about joining just do it you wont regret it!" BABE Claire says: "Absolutely love babes!! Brilliant bunch of women, excellent coaches but most of all you have such a lot of fun while working very hard. There are always alternative options if there are things you can't do, and you work to your own pace – if you're worried about trying it, that you're not fit enough, don't be, you will be welcomed with open arms. Love it"
