SUZUKI XF650 FREEWIND, 11,005 MILES FROM NEW, ADVENTURE/TRAIL/TOURING. The bike is in excellent condition and I would welcome any viewing and inspection if you are interested. The bike is fairly standard apart the Suzuki centre stand and handguards. I have a longer spare screen for increased protection if required. The tyres are like new and have plenty of life left in them. There are plenty of road test features about these bikes on the internet and nobody has a bad word to say about them (apart from the silly name). Easy to ride, brilliant handling, quick enough if pushed, all-day comfortable, 55 mpg, easy to maintain. A very smooth and refined single cylinder. I don't think you will find another one with this mileage and in this condition. The bike was purchased from Mission Motorcycles and I have included the link to the original advert. I have also included links to reviews of the bike and these are well worth a read. The bike is quite rare in this country however parts are easily available.
