

Photography courses in Leeds, Bristol, Liverpool and Manchester

Location **North, Lancashire**
<https://www.freeadsz.co.uk/x-511230-z>

I would like to invite you to participate in my workshops on nature photography and macro photography. They are held in Glasgow, Bristol, Edinburgh, Manchester, Birmingham, Leeds, Liverpool, Sheffield and vicinity. During classes you will learn how to achieve amazing artistic effects, crop, create interesting compositions and original background. We will also focus on the use of various types of gear which will allow us to obtain a high zoom ratio, as well as create an amazing backdrop. Using M42 lenses will be an important element of our workshops. The list of classes and dates can be found at www.naturephotoworkshops.co
