I am an enthusiastic hard worker, pleasant professional lady gardener, happy to undertake horticultural task such as digging, clearing, tidying up, improving drainage in flower beds, trimming, pruning, planting, improving the soil for your plants and the appearance of your garden for the nice sunny days to come. The spring is a great time of the year when many corners of your garden can be improved and made to look more inviting. It does not always take much to make this happen. Gardening is my passion. I enjoy traditional gardening as well tropical, modern, wild, cottage style. I have a good eye and work well with instructions and ideas. I enjoy bringing colours out or looking after plants which are already in.
