Fully refurbished Natal 5.5" x 14" Stave Snare Drum, with Orange Shimmer Wrap.

This drum has been stripped down, and all hardware has been removed, the shells cleaned and polished, and all hardware fully cleaned. All corrosion and pitting has been removed (where possible), all chrome parts have been buffed and polished. Bearing edges have all been cleaned, smoothed and lubricated. A new Code Genetic 5mm Heavy Duty Resonant Head has been fitted to the snare side, with a new set of Snare Wires, and a Code Zero Reverse Dot Batter Head fitted to the batter side. There are no cracks marks or scratches at all, this drum truly is as good as new.  
The drum has been professionally tuned using Drum Dial as well as a trained ear, and has a wonderful warm "crack" that sounds like a rifle going off!  
Free UK delivery, although you are welcome to come and collect if you'd.
