Heres a fantastic 356A project driver. All doors,decklid,hood,gauges,motor,transaxle and even the all original 5 date stamped "lemmerz" wheels are intact.

The title indicates the last registration in the 1960s. All the doors open and close,the windows roll up/down and pop out freely.

The 356A will likely live in the annals of vintage sportscars prestige all its own. Driving one is very difficult to.
