Did you break your battery? Don't worry, it can probably be fixed. Bring the battery and the device to our trained technicians. They are all skilled in APPLE IPHONE battery repair and will be able to get your battery working again in no time. Not only will they test the battery to find out the true issue, they will only fix what needs fixing, saving you time and money! Plus, we'll test it before you go, just to be sure before you leave. Beats buying a new battery, right? That way, your phone won't need to be sent out for a battery replacement. However, if you did want a battery, we install those!
