- \*Apple iPad Mini 1 fully working, fast and in great condition.
- \*Screen is perfect (no scratch) as I have always used ultra clear screen protector and I have never removed it.
- \*It comes with a NEW Apple Wall Charger and Original Box
- \*Wi-Fi - Colour White
- \*Size: 16GB

It was mainly used for sending emails, social media and playing games. It was bought before I purchased an Iphone being very handy and useful. I got really used to the operating system and I shortly bought an Iphone (hence the good condition of the iPad). The reason I am selling my Ipad is because I am very dependent on my phone now thus I rarely use the iPad at present.

Price includes safe delivery with Track and Trace service!  
 Calls preferably after 5pm and texts!
