RW  
Wedding Photography

I am a Kent based wedding photographer providing happy, beautiful and relaxed wedding photography, capturing natural moments for your special occasion. I love photography: from the studio to the park with my family, a rugged beach to a scenic mountainside, give me a reason and I'm there. My work has featured in magazines, websites, blogs and multiple competition finals with Nikon and Travel Pages. All bookings made between March and May quoting this add will receive the discount.

Full shared rights to images, no hidden costs, no watermarks just your photos. Coverage throughout your wedding from bridal preparation right up to the dance floor starts partying

Fantastic offer is because i wish to expand my portfolio and developing new website. [www.rwweddings.co](http://www.rwweddings.co)
