Mercedes sprinter 2005 model I've made into a campervan it as hot water boiler pump toilet and shower it also as a smev 2 ring cooker and sink it as fitted a 70ltr water tank and a 40ltr waste water tank It works on gas or electricity for hot water it as aleisure battery fitted with lights and free view television and DVDs player radio with CD player pop up screen for reversing camera. it as service history and as done 106500 miles it is a cat d vehicle but with no visible signs of panel damage your welcome to do a hpi check on the vehicle only selling due to wife deciding she would rather have a caravan than the van. there is still quite a bit to do to finish it off but it is still very useable now we have just come back from a week in the Lake District without any issues comes with blackout window blinds and thermal window blinds.its not a new motorhome so please don't come expecting one its a good motor for getting away for weekend wild campingtrips im open to any decent offer
