This is a vintage cocktail cabinet that we inherited and love, but can't find a place for it in our new smaller home. It's in great condition. It's a medium colour of wood with all original brass fittings, and has a flap that comes down to give you a big shelf to prepare and pour out drinks. The back of this section is mirrored, and has a small glass shelf to the left that holds short glasses. The other area to the right can hold your tall glasses. The bottom 2 door cupboard at the bottom is huge, and takes all sizes of bottles, cans, ice bucket and accessories. Magnetic closure on the flap, and doors. There is a light that comes on as soon as you open the top flap. We added a longer cable to it as our socket was far away. You will love this. Sorry to see it go. Worth every penny of the price we want. No offers.
