I have decided to sell my 1942 GPW "Glamour Gal" this is an older restoration that has had a recent refresh including new paint and wiring harness. This Jeep drives very well it has its correct GPW engine and T84 transmission and has been converted to 12v with a Lucas alternator fitted for reliability. There are lots of F marked parts including pintle hook, seats etc. It is fitted with 5 combat rims and nearly new tyres. The seat covers are a few years old but the top is a new one from Worthings, the body is a very good reproduction and looks great and off course no rust. The original brass dash tags match the frame
