CISCO CCNA,CCNP & HUAWEI QUALIFICATION WEEKENDS AND EVENINGS.

Why CISCO QUALIFICATION:

Majority of the top organizations of UK usually have CISCO equipment (routers and switches, firewalls, etc) and at the moment market have shortage of engineers so therefore this is the ideal time to have CISCO qualifications under the belt and find a good role of 20 to 25k.

Why HUAWEI & JUNIPER QUALIFICATIONS:

Huawei and Juniper is progressing rapidly and is biggest Competitor of Cisco. Many Multinational organizations are using Huawei instead of Cisco. So Huawei can become very very big name in next couple of years time.

CISCO CAREER PROGRESSION:

- 1) ICND 1
- 2) ICND 2
- 3) CCNA ROUTING AND SWITCHING
- 4) CCNP ROUTING
- 5) CCNP SWITCHING
- 6) CCNP TROUBLESHOOTING

7) CCIE

We did comprehensive market research and believe that there is a gap in the market for ONE TO ONE hands on training so to filling that gap we offer one to one training to those who would like to study own their on not in a class room based training. However we also run class room based training.

First lecture:

Our first lecture is absolutely free of charge so that you can come see the equipment, meet with the instructors, take the first lesson and then decide whether you would like to continue or not.

Discount:

At the moment on all the courses we are providing you 30 percent off.

Crash program:

Crash programs are also available. Please call us for more information.

Fee installments:

You can make the payment in two installments

OUR ORGANIZATION'S AIMS and Objectives:

We specialize in one to one & class room based training. We will make sure that it will be only you and the instructor providing you all the training. The best part of one to one training is that you can ask as many questions as you can without any hesitation, and the benefit of class room based training is that you interact with your classmates and sometimes things can be more clearer when you do combine study. The choice is completely yours.

- 1) Training will be provided by CCIE Level instructors.
- 2) Training will be hands on on real Cisco equipment (router and switches).
- 3) Training will be also on Cisco software called packet tracer.
- 4) We will provide you two e-books. One will be to the point which will help you prepare for the exam and interviews as it has basic definitions and all the labs. Other book is comprehensive book, which has all the chapters in detail.
- 5) We will conduct regular mock exams, give you regular homework and assignment so that you also get ready for the exam as well.
- 6) You will be our responsibility until and unless you pass your exam.
- 7) You will pass your exam in first attempt you cooperate with us by doing all the assignments and home work on time.
- 8) We will prepare for the exam free of cost as well.
- 9) You can ask as many questions as you can and your dedicated instructor will always be there for your help.
- 10) We will also help you making your CV.
- 11) We can also help you finding the jobs by recommending you IT recruitment agencies.
