Hoover Freedom bagless upright vacuum cleaner in a very attractive 'metallic' red & silver finish. The cleaner is fitted with a Hepa filter, works on a Air Cyclonic system, and is very powerful but easy to use. Adjustments for different carpet heights (with rotating brush bar) and hard floors. There is also an 'intensive clean' position which works wonders on carpets that have gone a bit 'grubby'. The cleaner has a two-position foot switch adjustment for cleaning under low areas, and it cleans right up to skirtings etc. A front button releases a cleaning lance on a long stretch hose for cleaning in corners or reaching high areas. The lance (with crevice shaped end) can also be fitted with a small brush. A long power lead makes for easy reach into all areas of the room. This very attractive cleaner is one of Hoovers premium range, and especially excels at cleaning all types of carpets. As I no longer have any carpets downstairs I seldom use it anymore, and it has had so little use the on-board filters are still as clean as when the machine was first purchased! The cleaner is in as-new condition and perfect working.
