G M Roofing are a local recognised company working in the North East area. We have been established since 1996 and before that we worked for well-known companies from which we gained our experience. We are fully trained in all aspects of roofing. We operate from the Scottish Borders to Manchester on industrial, commercial and domestic projects. We are fully experienced in: -Full new roofs, strip and recovers. - All types of slate work - Roof and gutter repairs - Concrete and clay roof tiling - Traditional hot felt roofing - UPVC guttering and fascias - Fitting of plastic verge systems and mechanically fixed ridge tiles - Lead works - Velux windows and sun tunnels - Brick and stone re pointing service We have full public liability insurance and references are available. Have a look at some of the pictures of projects we have been involved with. Recent customer feedback includes: "A great team of lads who work cleanly and tidily and are very unobtrusive while delivering a lovely job. My wife and I are both very pleased with our full new roof. The old one lasted for 80 years, and I'm sure that this one will last just as long. Absolutely highly recommended". Call Gary on 07841446809 078414468...(click to reveal full phone number) with any questions or queries and for a free
