 Racing CDI

Can be ridden by 16 years old on a CBT. This is the biggest 50cc 4 stroke you will ever find, it's a serious eye catcher, you can put an engine up to 250cc, the tyres are even bigger than most 125cc, sounds amazing not like an usual 50cc. 2 previous owners, this bike is basically brand new, mechanical perfect with recent service with proof. Will come with 12 months MOT, helmet, gloves, stock exhaust and pipe and extra battery. Only bad point is that previous owner dropped it and caused a little piece to fall off under the headlight, although all lights work, never bothered me and can't really see the damage. Price is not negotiable, I am in no rush of selling, reason for selling is that I'm getting a car, no swaps, bike will be available late april beginning of may. Viewings on appointment. NO CASH only paypal or bank.
