Learn to become a professional at Graphic Design and Digital Art with easy to follow lessons from an artist with 20 years industry experience working at internationally recognised, award winning design agencies. Whether you are interested in advanced techniques, an enthusiastic hobbyist or a University Undergraduate I can teach you the skills you need to take your work to the next level and produce amazing work. I can provide one-off sessions to help you with specific technical problems or I can tailor a course to suit your specific needs. I can teach sessions in the comfort of your own home, a convenient hot desk location or I can provide a class room at my own home. Even if you don't have any equipment, I can provide all of the tools you need to learn. These are the computer softwares I cover:
