Traps A400 Acoustic kit FOR SALE

portable flats kit - great for a starter with limited space. Does not include cymbals, snare drum or stool. The snare included with the original kit got broken but as the kit has a snare basket you can use a normal snare drum with the kit as shown in the video.

The kit comes on its own rack which includes 2 integrated cymbal stands both can be used straight up (as shown with the crash) or as a boom stand (as shown with the ride). The kit includes the bass drum pedal and the hi-hat stand with clutch. Folds quite flat for storage if required and for transportation in a small car.

You'll need to add a stool, snare and cymbals - but then you're ready to rock.

These kits retail new for £400 without cymbals - You can probably pick one up for about £350 on an internet deal. Cieran's asking for £225 or near offer for his.

Collection from Hinckley only and cash only - no trades.
