I am starting a new project this year which involves sports clubs in the Derbys, Burton, Staffs and Notts areas. After 25 years experience working for newspapers, magazines and PR companies, I am offering to photograph team members in a studio setting, with professional lighting. I bring the background and lighting, the floodlights are added later from a custom made template. The whole process is very quick, and the photos are edited in my home studio. I will then produce high quality prints (similar in style and lighting as the covers of glossy sports magazines) priced in a way that allows the club to take a percentage and raise funds for the club. I will be offering 10% of the total sales back to the club . Print prices are only 10"x8" @ £6.50 , 7"x5" @ £4.50, other sizes are available. The photography could be fitted in with a training schedule or a separate session. As a photographer, I know how much the team members would enjoy this kind of event, as it gives them all a sense of being a valued and special member of a team. The photos could also be used by the club for promotions, the internet, or could be submitted to the local papers, (just think of having your players of the year in the press with a nice quality picture!). All photography would be done under supervision of an adult club member, and only with parental consent if under 18. I have a CRB certificate.
