**4K ULTRA HD TV FOR THE HIGHEST RESOLUTION POSSIBLE**

Sporting an unbeatable spec including 4K Ultra HD resolution, 3D, Freetime and comprehensive smart tech, the Panasonic TX40AX630B is the new champion of its class.

With 4K screen resolution, the Panasonic TX-40AX630 brings new levels of detail to its class. This resolution is four times greater than the more conventional 1920 x 1080 Full HD TVs and it's a difference you can see - big time! This gain in resolution is especially noticeable and, even when close up to the screen, the detail and realism is awesome.

**ACTIVE 3DTV**

Switch to Active 3D and the TV's resolution becomes all the more impressive. With Active technology you're assured of the very highest resolution and clarity in 3D. Furthermore, 2D - 3D conversion ensures that any programme you watch can be seen in eye-popping 3D!
