Stonehouse Community Centre 8 - 9 pm

Pilates is suitable for everyone regardless of age, sex and level of fitness. Each exercise can be done at different levels of intensity with additional modifications to cater for anyone with specific muscular or joint limitations. If you are in any doubt, it is always advisable to check with your GP before undergoing any exercise programme.

â€

Pilates is a challenging yet safe exercise that promotes a balanced body, a longer, leaner, toned shape, superb posture, a flat stomach, a strong back and increased mobility and flexibility. It also increases strength and endurance, improves balance and co-ordination, all without producing over developed or bulky muscles.

This class is aimed at intermediate level, but beginners are welcome during the first half of 2017.

This class is suitable for beginners and older adults.
