We provide bespoke French, German and Spanish tutorials for primary school children (4 to 11) of all levels and abilities - from complete beginners through to advanced learners (bilingual). We understand that children learn languages most effectively when they are immersed in the language-learning experience. To this end, our tutorials focus above all on real communication, using a variety of media, activities and games which appeal to the variety of learning styles (visual, kinaesthetic and analytic) to engage and enthuse. All children learn languages at a different pace, and so we follow a tailored curriculum designed to be highly flexible and comprehensive. Our language tutorials aim to: Develop speaking skills (fluency, accuracy and pronunciation); Develop vocabulary range (including phrases and idioms); Practise reading skills (skimming, scanning, reading for gist and detailed information); Enhance listening skills (listening for gist and specific information); Provide practice of written skills (style, accuracy and register); Review and develop grammatical structures. We tutor in the comfort of your home, online (via Skype or FaceTime), or at the home of one of our specialist tutors, at a time that is most convenient for.
