£750 ono

THE SOUND:

Onkyo TX-SR606 7.1 surround sound receiver. With 110 watts per channel, HDMI audio & video switching. Capable of handling both "Dolby TrueHD" and "DTS-HD Master Audio" in glorious 7.1 (yes... 7.1 – not 5.1 !!) surround sound. Originally cost £450.

Gale Aria AR-10 speakers: front, surround & rear. These six speakers, finished in high-gloss black, are small & unobtrusive in any living room yet (rated at 100 watts) pack a punch well beyond their size. Originally cost £300.

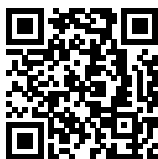

Mordaunt Short Alumni 5 centre speaker. With the same finish, this speaker perfectly matches the Gales. Originally cost £155.

Tangent Millennium active subwoofer. This sturdily built Danish subwoofer contains a 10" long-throw polymer drive unit and a powerful 150 watt RMS (400 watt peak) amplifier allowing it to faithfully reproduce deep bass down to below 30Hz. Originally cost £200.

Two pairs of satellite speakers. One pair on floor stands, the other pairs on wall brackets for the six satellite speakers.

Sony PS50Q96HD 50" plasma TV. Unlike LCD, the large 50" plasma screen offers a huge viewing angle without loss of detail, and an enormous contrast ratio with vibrant colours and deep blacks. Originally cost £1300.

Sony BDP-S350 Blu-Ray player. One of the first, and best, Blu-Ray players with great image upscaling and a solid output. Original cost £200.

Everything else in perfect working order. In fact both the Onkyo amplifier & Samsung TV have just been serviced & fitted with upgraded components! The cost of the Onkyo & Samsung being serviced is reflected in the asking price.

Included are all the HDMI & optical cables to connect them together, about 40 metres of high quality speaker cable and the original remote controls.

Also included are TEN films on HD Blu-Ray:

- Alice in Wonderland (Johnny Depp)
- Bram Stoker's Dracula
- Despicable Me
- Despicable Me 2
- Harry Potter & the Deathly Hallows part 1

AND another NINETEEN films as well... a TOTAL of THIRTY-EIGHT films on disc.

Including the films & cables this bundle of kit originally cost over £3000 - it was the bee's knees at the

time and is still a kick-ass system.

The TV is LARGE and HEAVY. You are responsible for moving it all BUT (if you live in or near to Rhayader) I AM more than happy to visit your home and help you set it all up.

Please note that the Apollo Hi-Fi rack in the pictures is NOT included.

It's currently set up in my spare room so that serious buyers can see & hear it all working.

Asking price: £750 (a huge 75% less than the original £3000+ purchase).
