Hi, Hope business is going well as I have an additional income opportunity for you. We are looking for electrical/ gas engineers who would offer free LED lightbulbs to their existing and future customers . Not only do you get paid for the supply (you don't have to fit them) you also get paid a monthly income on the customers utility spend every month. If you have 5 minutes for a quick chat let me know and I will call you. This opportunity is for all areas in the uk. See the links below Kind Regards Jan
