100% Super Smooth New Beauty Blender/Sponge, comes with a pouch!

A non-disposable, high-definition cosmetic beauty sponge applicator. The unique shape to get into those niggly bits and exclusive material ensures impeccable, streak-free application with minimum product waste.

Use it with primers, foundations, concealers, powders, cream blushes, powder blush and any other complexion product.

It comes in black so you can see exactly where the product is and switch sides when applying different products. It also comes with a drawstring bag so you can pop it in the bag after you've used it. (Nothing worse than mixing it with other bits of make up and having foundation or concealer all over the inside of your make up bag!). Take it with you on your travels..

I have tried and tested many sponges, some are really bad quality because i bought them for peanuts but this sponge is soooo smooth and soft against the skin! The high quality of this sponge is amazing and you cant go wrong with the price either. It won't disappoint :D

Material: latex free.

Dimensions for sponge: 4cm x 6cm.
