Coach Life Line aims to bring clarity, focus, and strategy to men who have experienced abuse and domestic violence. I do this through a confidential, non-judgmental approach.

Coaching will help raise your awareness by:

Bringing clarity about what it is that you want to achieve and how you can get there.

Putting you in touch with the reality of where you are now and where you want to be in the next 3/6months.

Planning and practising techniques that can help you access your goal faster.

Identifying the challenges that you may face

Reviewing and evaluating options that you may not have considered
