#### ABOUT BLUE YETI MICROPHONE:

Create unparalleled recordings directly in your computer with Blue Microphone's Yeti USB Microphone. The Yeti uses Blue Microphone's proprietary tri-capsule technology to produce pristine, studio-quality recordings. It features four different pattern settings so you can record vocals, instrumental music, podcasts, or interviews in ways that would normally require multiple microphones. With simple controls for headphone volume, pattern selection, instant mute, and microphone gain, you'll be creating exceptional recordings right out of the box.

Available for PICKUP at Earle Road, Liverpool, L7.
