

Mazda Bongo Campervan 2WD 2.5 TD (5,595 GBP)

Location **London, London**
<https://www.freeadsz.co.uk/x-519134-z>

Silver Mazda Bongo 2.5 Turbo Diesel Campervan, Electric rising roof, electric blinds. Has a pod kitchenette conversion (easily removable, can be used in an awning if you wanted more space in the van during the day/night time) it consists of a double SMEV hob, large sink, and a cooler box/Fridge which can be powered by 12V or 240V. Also included is a full Calor Gas 4.5Kg bottle. First row of passenger seats have been turned round to face the rear, this makes the van more spacious, keeps the van tidier as stuff can be store behind the seats out of the way (and more sociable at meat times!). There is also a removable table fitted. Has a low coolant alarm (Essential Bongo addition!!) fitted, A new Leisure battery with split charging circuitry, A new 240V hook-up with RCD and long mains cable. Recent £££'s spend on engine coolant change and replacement of rusty pipe work under the vehicle (common Bongo fault). The Odometer has been calibrated/chipped at some stage to miles (would have been in kms in Japan) so the actual mileage is only a guesstimate it currently reads 157700 miles will increase as vehicle is in use). Body work is overall very clean (Been told by my Bongo mechanic one of the cleanest he's seen!) but does have some blemishes from age and use and importantly rust free arches! Has also had only one previous Owner from.
