Hi, Thank you for taking your time to read my email.

I have a doli and would like to sell it.

Every girl would like to enter her wedding like a princess, on a Doli ideal for the mehndi night, wedding day and doli ceremony, also used for photo shoots and TV productions.

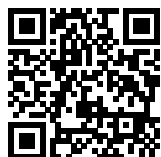

Make their entrance traditionally and uniquely with our doli. It is her special day, make it one to remember for both the bride, the family and friends. A wedding doli is the ideal way to enter your wedding, it can be used for your mehndi and accompanied with professional Dhol players.
