Pilote Galaxy 86MX based on a Talbot Express 2.5TD registered in 1993. MOT until 23/07/17. Mileage approx 119,000 miles (mileometer changed at approximately 115,000 miles - recorded on MOT history).

We have owned, maintained and loved the van for nearly 3 years, however are looking to upgrade.

At 24 years old, it is looking pretty good, but inevitably has signs of wear and tear.

The engine has been re-built. A quick list of all work that has been carried out; cylinder head skim, new head gaskets and bolts, replacement cambelt, radiator flush, new engine cooling water pump, new thermostat, new cooling fans, new starter motor, new indicator and headlight stalks, fuel tank and sender, new hydraulic arm for drop down bed, new windscreen, wiper motor, new engine and leisure batteries, new water supply pump, replacement wiring to rear lights. Receipts will be provided.

Freeview TV with rear DVD/CD player and aerial (available when hooked up only) and rear view camera included in the sale. Top box and cycles not included.

The accommodation comprises of 3 double beds (one that drops down from over the cab), sofa style seating with front 'captains chairs', gas oven, gas 3 ring hob, sink, 3-way fridge, Thetford toilet, shower/sink, water heater, wardrobe, storage cupboards, table at rear, air blown heating\* and heater\* (\* needs a part to function - we never needed either as we used a fan heater). We have never used the

shower as always pitched up on campsites.

The motorhome is 60m long, 2.5m wide, 2.5m high and has a drop down bed over the cab to drive. The motorhome is in excellent condition and has been well maintained. The motorhome is the last of its kind - it is a genuine Pro Max Classic with a 2.5TD engine and £4000 of extra gear used in the build. <http://www.motorcross.com/forums/threads/revolution-movelite-pro-maxi-classic.html> This is a motorhome that has plenty of years left in it with a little TLC. The end of an era for us, the beginning for you!
