How Does It Work? Techniques

While some of the strokes may feel the same as those used in Swedish massage therapy, deep tissue massage isn't the same as having a regular massage with deep pressure.

It's used to break up scar tissue and physically break down muscle "knots" or adhesions (bands of painful, rigid tissue) that can disrupt circulation and cause pain, limited range of motion, and inflammation.

At the beginning of the massage, lighter pressure is generally applied to warm up and prep the muscles. Specific techniques are then applied. The most common techniques include:

Stripping - deep, gliding pressure along the length of the muscle fibers using the elbow, forearm, knuckles, and thumbs

Osteoarthritis pain Sciatica Sports concerns (runners, athletes) Piriformis syndrome Tennis elbow Fibromyalgia Upper back or neck pain

£50 60min full body deep tissue massage £30 30 min full body deep tissue massage £80 hour half full body deep tissue massage £100 2 hours full body deep tissue massage

£50 60 mins soft-firm full body Swedish hot or cold stone massag

Feet pedicures £15 filing the feet smooth & filing toe nails Hear from 9 am -8 pm

Outstanding. I suffer from rheumatoid arthritis and lumbar spinal stenosis. I find that regular massages help with mobility and take the edge off pain for a couple of days; I called Tina because my regular practitioner was away on protracted leave. Without doubt, Tina offers the best massage I've had; the hot stones work. Highly recommended and very
