I am selling my Ribeye a 600
it has been great in all the conductions we have been able to throw at it. it has a reliable 4 stroke Yamaha f100 with a top speed of 35 kts. it cruises around 20 kts and uses around a litre a mile. we've use it for cursing, wake boarding and diving. Its a great around rib and will do the next owner proud.
Serviced February this year, with new steering cable and helm.
Trailer serviced October 2016 This is a private sale, so tradein is not available, for further information view this Ribeye a 600 on our website!
