

Complete contents of a woodturning workshop. Everything (30 GBP)

Location North, Cheshire
<https://www.freeadsz.co.uk/x-523404-z>

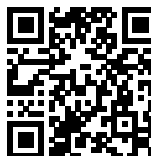

Moving to a flat so I am reluctantly selling everything from my woodturning workshop.
3 Phase with inverter and controller Harrison Union Graduate Bowl Lathe with Patriot Chuck. Record 48" swivel head Lathe. Sheppach Basato 3 Band saw. Tormek sharpening grinder. Press Drill. CamVac dust extractor. Petrol Chain Saw. Electric Chain Saw. Arbortec blade with grinder. Assorted Tool Rests. 50 Chisels and gouges. Dozens of woodturning Blanks. This the chance of a life time whether you are a beginner or experienced, I will even throw in a good quality pole lathe a shave horse including the green wood working tools draw knives and gouges.
If I had the time and inclination to sell all of the above items I would be asking for over £4,000.
Thank You for
