 OneLove Pictures is about people, feelings, emotion, nature, free spiritedness, kindness, creativity and love..... If you're looking for a down to earth, friendly photographer then that's pretty much me :) Natural, relaxed, personal and fun weddings are really what I love to photograph, no matter what the theme or location. The same goes for my Lifestyle Portraits! I'm based in Kent and have photographed at many gorgeous locations around the UK, including Kent, Essex and Surrey but love to travel, so pretty much up for photographing your wedding in any destination. Check out my 'Bucket List' on my website for more details. You can read more about me personally on my 'Hello' page, or get in touch with any questions :)
 Much Love,
