THE STUDIO THAT COMES TO YOU. Staff photography Product photography PR pho

East Midlands, Nottinghamshire Location https://www.freeadsz.co.uk/x-523782-z

The studio that comes to you. Perfect if you need to update staff photographs or would like professional images of products taken by someone with over 25 years experience in press and PR photography, with studio lighting and backgrounds, including two 9 foot backgrounds in black or white. These are great for staff photos and small groups, and it ensures that the lighting and backgrounds are uniform and consistent. It is all portable so it is basically a mobile studio. I am based in in Derby, and cover the East Midlands

Thank you for.
