This is a good solid metal display stand for your cards. It is a large metal floor standing card rack which can hold up to 500 cards. There are 4 sides to the display and each side has lots of pockets to slip your cards into. There are also pockets all the way down on each end. There is a cup at the top which will hold a name card for further advertising of products and the whole frame will rotate allowing each part to be seen. The feet have wheels to move it along and they also lock to keep the stand securely in place. This is in good condition. It is easily put together and dismantled the same way. Along the bottom there are also additional hooks to allow you to hang further little handmade items. This card holder can easily be dismantled for transportation. It is perfect for retail markets, windows, craft fairs, fayres, fetes and charity events too. Collection.
