I have a spare ticket for Kiss on Wednesday 31 May 2017 at the O2 Arena in London. I bought my tickets on Ticketmaster back in December last year when they were released but now have one spare. Cost is £50 (actual costs including all postage and booking fees was £64.88). Face value is £55 but that does not include postage or booking fees. No offers please as this is already a bargain. I am not making any money on this, just trying to recoup part of my outlay. In case you are wondering, yes I am going myself. This will need to be collected in person, either from Lewes (outside of normal office hours) or from London (West End, Green Park, during normal office hours) with payment in cash. You are collecting from my home or work, so you know this is genuine. I cannot post these because then we get into the age-old chicken & egg question of what comes first - payment or delivery.... Any questions, please do not hesitate to.
