Trek 7.0 hybrid in really good condition. 15"/38cm frame size, with 700cc wheels. Shimano 21 speed gearing. Quick release wheels so very easy to transport. Great ride on all surfaces. Gunmetal grey colour and very smart. Has been well cared for and serviced. Hardly ridden since last service which included new bottom bracket, new chain, new rear brake blocks, new cassette, and new brake cabling - effectively in near new.
